NEW LUMINOUS™ SERIES MOVABLE GLASS WALLS LAUNCHED

Kwik-Wall Company offers new product platforms to brighten space division

Springfield, IL, February 3, 2023 – Kwik-Wall Company introduces the LUMINOUS™ line of movable glass partitions. With Luminous, Kwik-Wall now offers the market the most comprehensive line of movable glass partitions from any one supplier. The new systems offer varying levels of acoustic performance, manual and fully automated operations, and sleek European designs. LUMINOUS systems provide luxurious space division that illuminate natural light deep into commercial spaces.

LUMINOUS features five different interior movable wall systems:

- STELLA™** acoustically rated up to 50 STC with multi-directional, semi- and fully-automatic operating systems with clear and back-painted glass, optional electric switchable glass, automated mini-blinds and integrated solid panels for optimal design flexibility the true star of the lineup.
- LUNA™** a sliding-folding, top- or bottom-supported interior wall systems offering easy set-up operation, optional paired panel center stacking configurations, and fully automatic operation with acoustics to 43 STC.
- ILLONA™** an ultra-narrow framed movable wall platform that provides sliding/folding, telescopic, multi-directional, and pivoting/stacking configurations with acoustic ratings up to 35 STC perfect for today's modern commercial spaces
- AVA™** a newly rebranded frameless glass wall system used for retail storefront, commercial office and education spaces that works well with Kwik-Span™ overhead support units

MATA™ a newly updated, richly detailed timber-framed movable wall available with multiple wood species and finishing options

LUMNIOUS wall systems are custom designed for each space and offers an array of frame colors to meet any designer's palette. Kwik-Wall offers specification and layout design assistance for the AEC market. For additional information and product details, please visit www.kwik-wall.com.

About Kwik-Wall Company

Founded in 1961, Kwik-Wall™ Company is a US family-owned operable partition manufacturer that offers a complete line of acoustically rated folding panel partitions and glass movable walls systems from three separate Midwest manufacturing facilities. Kwik-Wall offers a broad range of 3- and 4-inch thick steel and aluminum-framed panel constructions that allows schools, offices, hotels, convention centers and other commercial facilities to divide and utilize space most efficiently. All Kwik-Wall products can contribute to achieving LEED v4.1 project goals especially recycled material content, acoustic performance, and daylighting. Employing nearly one-hundred dedicated team members, Kwik-Wall Company products are sold and serviced by more than 100 distributor partners throughout North America.
